

Casey Cooper, DO

I am a graduate of the Edward Via College of Osteopathic Medicine in Blacksburg, VA. I am originally from Radford, VA. Prior to medical school, I completed my undergraduate studies at Roanoke College in Salem, VA, double majoring in Biochemistry and Biology with a minor in Spanish. Outside of medicine, I enjoy spending time with my husband, golden retriever, family, and friends. Some of my favorite activities include hiking, backpacking, kayaking, cooking, and baking!
